Fruit Salad Avalanche Game

AGES 5-7

This game works on fine motor coordination skills and problem solving. You have to use tweezers to work on pinch and grasp to pick fruit without causing an avalanche

[LEARN MORE](#)

Gonge Riverstones

Jumping or stepping from stone to stone develops a child's confidence in their ability to judge distances. The layout can be changed to make a pathway more or less challenging. Targets dynamic balance & agility.

[LEARN MORE](#)

Learning Resources Noodle Knockout Game

Great for fine motor control, tweezer skills to improve strength and positioning for pencil grasp, multi-step direction following, visual discrimination, and turn taking.
